

CAMBRIDGE LATIN COURSE

STUDENT QUICK-START GUIDE

Step 1: BEFORE YOU START

You will need:

- A Student's Book code to access the complete Cambridge Latin Course online environment on Cambridge GO. This gives access to your Student's Book.
- If your teacher has set up your profile, they should have provided you with your email address and password credentials. If you are setting up your own account, please see instructions below.
- Verify if the code in your book has been redeemed. If it is a new code, it can be used to access your Digital Student's Book.

Step 2: ACCESS YOUR ONLINE RESOURCES

To log in:

- Access Cambridge GO: cambridge.org/go.
- Click 'Log in'.
- Use the email address and password provided by your teacher.
- If your teacher has activated your Student's Book code, you will see the Cambridge Latin Course on your dashboard. If you do not see this option on your dashboard, you need to activate your own Student's Book code – please see instructions below.

Cambridge Elevate?

If your access codes are for Cambridge Elevate, they can still be activated in Cambridge GO.

IF YOU NEED TO REGISTER YOUR OWN ACCOUNT:

- Visit Cambridge GO: cambridge.org/go.
- Click 'Create a student account'
- Use your school email address if possible.
- Choose a strong password.

IF YOU NEED TO ACTIVATE YOUR STUDENT'S BOOK:

- Click 'Add new resources'.
- Enter your 16-character access code.

You can add more digital resources to your GO account at any time.
